

ExpressWash
soft-mount washer

vs.

hard-mount
washer

ROUND 1
G-FORCE

ExpressWash reduces gas consumption by up to 65%*

ExpressWash soft-mount washers remove more water per load-decreasing dry-time and reducing the gas consumed to dry a load by up to 65 percent.

ROUND 2
INSTALLATION

ExpressWash saves up to 50%* on your installation costs

Unlike hard-mount washers that require thick reinforced concrete foundations, hole drilling and bolt-down, Continental ExpressWash just slide into place-making installation in unconventional locations possible and saving thousands of dollars in install costs.

ROUND 3
CAPACITY

ExpressWash increases customer turnover & profit

With up to 381 G-force extract, ExpressWash removes more water per load-slashing dry-time and getting customers in and out in 60 minutes or less. During peak period hours, fast turnover increases profits and differentiates your store from the competition.

ExpressWash is the true winner. Watch the live comparison at www.continentalgirbau.com/expresscomparison or calculate your store's savings using our FREE Energy Analysis tool at www.continentalgirbau.com/energyanalysis.
