CG West hosts successful vended laundry service school

Santa Fe Springs, Calif.— More than 35 vended laundry owners and technicians attended Continental Girbau West's (CG West) recent vended laundry service school, which overviewed Continental Girbau Inc.'s vended product line. "By attending these classes, owners and store managers are better able to keep the equipment running at peak performance, allowing for greater efficiency, lower utilities and greater profit," said Tod Sorensen, CG West vice president.

The vended laundry service school detailed the routine maintenance, programming and troubleshooting of Continental vended laundry equipment. "We focused on how to configure and program ExpressWash freestanding washer-extractors and G-Flex hard-mount washers equipped with the ProfitPlus® Control," added Sorensen. Each participant received copies of Continental's preventative maintenance schedule, as well as programming and diagnostics training.

To register for the next free service school, or for more information, call 866-950-2449 or visit www.continentalgirbauwest.com/training/.

A subsidiary of Wisconsin-based Continental Girbau Inc., CG West serves the Southern California vended, on-premise and industrial laundry markets by providing equipment, parts, financing, service, warranty and training.

Continental Girbau Inc. is the largest of 15 subsidiaries of Girbau S.A., based in Vic, Spain. Girbau S.A. laundry products – marketed throughout 80 countries worldwide – meet rigorous environmental and safety standards established by the International Organization for Standardization (ISO). Girbau S.A. holds both ISO9001 and ISO14001 certifications. Ever focused on laundry efficiency, Continental Girbau is a member of the U.S. Green Building Council (USGB), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.
